

Dear Jayne, Dan and The Boathouse Staff,

Thank you so much for creating the wedding of our dreams. To say we had a perfect day is an understatement! The Boathouse venue was the first of many we visited- how ironic we chose the first of our stops! Besides the gorgeous views and unique setting - your venue gave us something else to remember - a stress-free, laid back wedding planning process. Not too many brides and grooms can say that! The staff was so attentive the evening of our wedding and gave us a wonderful time to cherish forever.

Jayne, thank you for always answering our phone calls with a smile- it meant a lot!

The Boathouse will always be a second home to us when October comes around each year - one of the many reasons we happily chose you - we can always go back and have lunch or dinner and let the memories bring us back!

Thank you for everything!
